

MAYOKUN AREOLA

FULLSTACK DEVELOPER (FRONTEND FOCUSED)

✉ kareola960@gmail.com | 🌐 mayokun-areola.vercel.app | [LinkedIn](#)

PROFESSIONAL SUMMARY

I am a full-stack developer with a strong focus on frontend development, skilled at creating user-centric, responsive, and visually appealing applications. With expertise across the tech stack, I ensure seamless integration between frontend design and backend functionality to deliver high-quality, efficient web applications. I am passionate about solving complex problems and continuously learning to improve my development skills.

CORE TECHNOLOGIES

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Next.js, Redux, Styled-Components.
- **Backend:** PHP, Laravel, Firebase, Pusher, Composer.
- **Tools & Platforms:** GitHub, Version Control (Git), Tanstack Query, Figma, Daisy UI.
- **Other:** API Development, Agile Methodologies, CI/CD pipelines.

WORK EXPERIENCE

- *Investment One Financial Services* - Backend Developer [Intern]
March 2024 - September 2024

Contributed to the development of core backend APIs and services for a banking application, focusing on loan management and customer management.

- Developed and maintained core backend APIs for a banking application, focusing on **loan management** and **customer management**.
- Collaborated with cross-functional teams to design and implement APIs handling key banking features such as **loan processing**, **funds management**, and **customer data management**.
- Integrated reporting software to automate the generation of detailed financial report statements, streamlining internal reporting processes.
- Conducted comprehensive testing and debugging with the QA team, ensuring the application met performance and reliability standards.
- Enhanced backend architecture, improving system scalability and operational efficiency.
